

The FCC is proposing to change rules relating to expanding broadcast service known as LPFM. The new rules would allow LPFM stations to take priority over current FM translator service. I daily listen to & support K-Love Radio on 91.5 FM. K-Love is a listener supported Christian music station that provides wholesome, positive Christian music & encouragement/support to families & individuals in my community and communities around the world. I strongly urge you to reconsider the impact this change would have on the public interest. Thank you.
